

MOTHERS' CLUB MEMBERSHIP 2017-2018

In today's busy world, we sometimes hesitate to become involved at our children's school. Your involvement can make a difference in the lives of our children and community.

You do not have to volunteer to be a member. We value your time and strive to use it effectively.

As a member, you will receive weekly emails letting you know what events are going on in the school and how to get involved. Also, you can purchase a SAMC directory which is a helpful tool during the school year...the book lists all of the SAMC members and how they can be reached as well as the children in each classroom. This book can be used to set up play dates, looking for homework help or just to reach out to new moms!

Please complete the form below...you have three options.
